

An Introduction to Hellenic Academic Libraries Consortium (HEALLink)

Voutiraki Katerina, Librarian, MSc,
Head of Library and Information Center,
Hellenic Mediterranean University.

Goals (1)

1. Cooperation, through the establishment of a common policy, regarding journal subscriptions (print and electronic) among members,

Purpose:

- the rational development of journal collections among partners,
- the conservation of resources, and
- access to a greater number of sources.

2. The creation and operation of a Union Catalog of bibliographic records for Greek Academic Libraries and the use of the Union Catalog's records by each member of the Consortium.

3. The joint subscription to electronic resources and information services

Goals (2)

4. **The development and establishment of standards** for all types of library work.
5. **The provision of continuing education for the staff** of its member libraries.
6. **Collaborating to make the materials of each participating library available through interlibrary loan** and other methods and practices that ensure and facilitate the availability of materials among partners.
7. **Collaboration with relevant institutions and organizations in Greece and abroad** to ensure HEAL-Link's participation in international developments regarding library cooperation and copyright management.
8. **Undertaking any other initiative that promotes and develops Greece's academic libraries** through joint activities and initiatives.

Legislation Regarding HEALLink

- ▶ Article 17 of Law 3404/2005 (A' 260) – Legally establishment
- ▶ Article 48 of Law 4009/2011 (A' 195)
- ▶ Article 125 of Law 4957/2022 (A' 141)

Purpose is to conserve resources and provide improved support services for the educational and research work of its members.

Members (1)

- ▶ Academy of Athens
- ▶ Aegean University
- ▶ Agricultural University of Athens
- ▶ Aquaculture Centre of Acheloos S.A. (ICHTHICA)
- ▶ Aristotle University of Thessaloniki
- ▶ Athena – Research and Innovation Center in Information Communication and Knowledge Technologies
- ▶ Athens School of Fine Arts (ASFA)
- ▶ Athens University of Economics & Business
- ▶ Biomedical Sciences Research Center “Alexander Fleming”
- ▶ Centre for Renewable Energy Sources (CRES)
- ▶ Centre for Research and Technology (C.E.R.T.H.)
- ▶ Foundation for Research and Technology (FORTH)
- ▶ General Secretariat of Research and Technology – Ministry of Education
- ▶ Harokopio University
- ▶ Hellenic Centre for Marine Research (HCMR)
- ▶ Hellenic Mediterranean University
- ▶ Hellenic Open University
- ▶ Hellenic Parliament Library
- ▶ Hellenic PASTEUR Institute
- ▶ Institute of Educational Policy
- ▶ International Hellenic University
- ▶ Ionion University
- ▶ National Agricultural Research Foundation (NAGREF)
- ▶ National Centre for Scientific Research “Demokritos” – Greek Atomic Energy Commission

Members (2).

- ▶ National Centre for Social Research (EKKE)
- ▶ National Documentation Centre
- ▶ National Hellenic Research Foundation
- ▶ National Library of Greece
- ▶ National Observatory of Athens
- ▶ National Technical University of Athens (NTUA)
- ▶ Panteion University
- ▶ School of Pedagogical & Technological Education (A.S.PE.T.E.)
- ▶ Technical University of Crete
- ▶ National and Kapodistrian University of Athens (absorbed part of TEI of Sterea Hellas)
- ▶ University of Crete
- ▶ University of Ioannina (absorbed TEI of Epirus)
- ▶ University of Macedonia
- ▶ University of Patras (absorbed University of West Greece, TEI of Western Greece)
- ▶ University of Peloponnisos
- ▶ University of Piraeus
- ▶ University of Thessaly (absorbed University of Sterea Hellas, absorbed part of TEI of Sterea Hellas)
- ▶ University of Thrace (or Democritus University of Thrace)
- ▶ University of West Attica
- ▶ University of Western Macedonia

Decision-making authorities:

- ▶ 1. **The General Assembly**, which consists of representatives from all universities.
- **Member Board of Directors**: Proposes and implements decisions.
- Chair: Angelakeris Mavroidis (Aristotle University of Thessaloniki)
- Vice Chair: Manolis Koukourakis (University of Crete)
- Members: Arietta Papaioannou (University of Ioannina),
Ifigeneia Vardakosta (Harokopio University),
Stavroula Kouri (National Technical University of Athens)
Maria Daoudaki (Technical University of Crete)
Anthi Katsirikou (University of Piraeus)

Brill Dictionary of Ancient Greek Online

English translation of Franco Montanari's Vocabolario della Lingua Greca. With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond.

Brill's Companions to Classical Studies Online I-IV

A series of [handbooks](#), in English, on a wide variety of subjects and persons from Classical Antiquity, and their reception in European culture. Designed for students and scholars, the books explain what sources there are, what methodologies and approaches are appropriate in dealing with them, what issues arise and how they have been treated, and what room there is for disagreement.

CAS SciFinder Discovery Platform

Comprises three principal solutions: CAS SciFinder, which supports information retrieval and analysis; CAS Analytical Methods™, which enables the discovery of published scientific methodologies; and CAS Formulus®, which facilitates ingredient evaluation and access to regulatory information relevant to product development. The CAS SciFinder Discovery Platform™ provides rapid identification of chemical substances (structures, nomenclature, physicochemical properties, and regulatory data) and detailed reaction information (reaction schemes, step-by-step procedures, experimental conditions, and yields) from authoritative sources. In addition, it offers real-time retrosynthetic planning capabilities for the exploration of both predictive and experimentally validated synthetic pathways, along with access to hundreds of thousands of published analytical methods.

Encyclopedia of Ancient Greek Language and Linguistics Online

A unique work that brings together the latest research from across a range of disciplines which contribute to the knowledge of Ancient Greek, offering a systematic and comprehensive treatment of all aspects of the history and study of Ancient Greek. It is an indispensable research tool for scholars and students of Greek, of linguistics, and of other Indo-European languages, as well as of Biblical literature.

Integrated Library System as a Service - ILSaS+

- ▶ 20 participants – universities
- ▶ 1.700.000 entries – 3.200.000 volumes
- ▶ 500.000 users
- ▶ 385 librarians
- ▶ 400.000 loans per year
- ▶ Budget 290.000€

Integrated Library System as a Service - ILSaS+

- ▶ Begins February 2024- Completed September 2025. The ILSaS+ node is hosted in the data center of the University of West Attica's Network Center
- ▶ Sierra → Koha (open source library system)
- ▶ Unimarc-Marc21 : Conversion/Validation for Non-Sierra Systems
- ▶ 3 data transitions
- ▶ Key advantages:
 - ▶ library autonomy,
 - ▶ preservation of the ability to conduct collaborative, centralized cataloging and documentation of materials, and “openness”
 - ▶ exemption from equipment and maintenance costs

Integrated Library System as a Service - ILSaS+

The Unified Cooperative Catalog :

- ▶ Supports resource conservation and shared cataloging.
- ▶ It serves as a central infrastructure among libraries, enabling the creation, management, and utilization of shared bibliographic records.

New Integrated Library System as a Service – ILSaS+

ILSaS+ is the new environment for the Central Infrastructure providing an Integrated Library System as a Service. The transition from the existing system (ILSaS) to the new platform (ILSaS+) will focus on expanding, upgrading, and enriching the collaborative library environment with new services.

A total of 20 Academic Institutions are participating in the project.

The VUFind Unified Search Environment is a library discovery and search platform. It provides a more user-friendly search experience than a traditional catalog.

The screenshot displays the VUFind Unified Search Environment interface. At the top, there is a search bar with the text "laser physics" and a search icon. Below the search bar, there are tabs for "Library", "Articles - Journals - eBooks", and "Advanced Search". The "Articles - Journals - eBooks" tab is selected. The search results are displayed in a list format, showing the first three results. The first result is an "Academic Journal" titled "Physics-Informed Neural Networks for Fiber Laser Amplification and Its Associated Effects" by Liu, W., Cheng, Z., Li, J., Ma, P., Wang, Z., Chen, J. The second result is an "eBook" titled "Laser Physics : Fundamental Principles" by Aditya Saxena. The third result is a "Conference" titled "Electronic circuits for chaos and synchronization in laser physics" by Concas, Roberto, Meucci, Riccardo, Montori, Alessio, Perinelli, Alessio, Ricci, Leonardo. The interface also includes a "Refine Results" section on the left with filters for "Full Text", "Peer Reviewed", and "Also search within the full text of the articles". The "Format" section shows counts for Academic Journals (2,103,520), eBooks (232,876), Conference Materials (207,740), Reports (54,555), Books (42,325), and Dissertations (41,081). The "Subject" section shows counts for 01 natural sciences (178,108) and 0103 physical sciences (161,525). The "Results per page" is set to 20, and the "Sort" is set to Relevance. The "Showing 1 - 20 results of 2,863,504" is displayed at the top right.
